### DETAILED ACTION

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jordan N. Bodner on January 18, 2006.

The application has been amended as follows:

**In the claim:**

Claim 48 has been cancelled.

In claim 50, "claim 48" has been changed to – claim 49 --.

2. The following is an examiner's statement of reasons for allowance.

None of cited references teaches the step of determining a third location in the document based on both the second location of the pointer and the first location in the document, the third location in the document being of the first numerical resolution(or first unit of measurement)(un-rounded measurement)(step 302)(see figure 3 and paragraphs 47-52), with all the limitation cited in claims 41, 46 and 49).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
